Our Vision

ABOUT US

We support individuals, groups, and entrepreneurs with a custom-based solution for their sustainable growth. We are pioneering different life-changing technology in the lives of Indian traditional artisans.

Nisarg has played a pioneering role in transforming traditional artisanal and local communities of India.

We are serving more than 50,000 artisans and 150+ groups of farmers in 35 different districts of India.

Our focus is to amplify capacities at the base level to enable artisans of India for sustainable growth.

NISARG AGRIPRENEURSHIP FOUNDATION

Nisarg is an intuitive, sustainable, evolutionary social enterprise where the community remains centre stage. We deliver future-proof livelihood solutions to the agricultural, rural and MSME sector of India to strengthen them in terms of capacity, quality and finance. We believe that all our efforts should go towards creating rural, agricultural, and Industrial Ecosystems not just for today but for the consumers and citizens of tomorrow.

Nisarg provides an integrated ecosystem of livelihood generation to help communities not only to accelerate their income but also to mitigate risk

We are working hard to equip the local communities of India for a Sustainable Future. Our focus is to amplify capacities to enable them to create sustainable growth.

Nisarg aims to create a robust livelihood ecosystem through different income generating activities to empower individuals/Entrepreneurs to earn sustainably.

Introducing future-oriented technologies like digitisation, Industry 4.0, Blockchain etc in affordable and consumer-friendly ways.
